## EDUCATION

### Monroe Virtual High School

Monroe, MI

#### Diploma

- 3.7 GPA, CompTIA A+ 220-1001, Cybersecurity fundamentals, Networking fundamentals, Artificial intelligence, and Computer science.

### FreeCodeCamp

#### Coursework

- Developed the skills for front end web development, and created several projects in order to obtain my responsive web design certificate. From this course I learned how to effectively use HTML5, CSS3, and Javascript in my web applications.

## WORK EXPERIENCE

### Pilot - Taco bell

1200 Nadeau Road Monroe, MI 48162

#### Food service team member

Sept 2021-Nov 2021

- Resolved customer inconveniences related to food and customer service.
- Oversaw possible food shortages, and took initiative to refill food to ensure the best customer experience.
- Collaborated with a team of five food service members to safely and effectively distribute food.
- From this experience I grew my customer service skills, and my ability to work with other people.

### Papa Johns

1269 N. Telegraph Road, Monroe, MI 48162

#### Insider

Oct 2020-May 2021

- Responsible for topping pizza, and safely removing it from the oven.
- Gained knowledge of the food industry, and working with a small team.
