EDUCATION

Monroe Virtual High School

Monroe, MI

Diploma

- 3.7 GPA, CompTIA A+ 220-1001, Cybersecurity fundamentals, Networking fundamentals, Artificial intelligence, and Computer science.

FreeCodeCamp - Front end web development

Coursework

- Developed the skills for front end web development, and created several projects in order to obtain my responsive web design certificate. From this course I learned how to effectively use HTML5, CSS3, and Javascript in my web applications.

Coursera - IBM Information Technology (IT) and Cloud Fundamentals Specialization

Coursework

- Acquired hardware, operating systems, programming, database, networking, storage, cybersecurity, and Cloud computing knowledge.

WORK EXPERIENCE

Pilot - Taco bell

1200 Nadeau Road Monroe, MI 48162

Food service team member

Sept 2021-Nov 2021

- Resolved customer inconveniences related to food and customer service.
- Oversaw possible food shortages, and took initiative to refill food to ensure the best customer experience.
- Collaborated with a team of five food service members to safely and effectively distribute food.
- From this experience I grew my customer service skills, and my ability to work with other people.

Papa Johns

1269 N. Telegraph Road, Monroe, MI 48162

Insider

Oct 2020-May 2021

- Responsible for topping pizza, and safely removing it from the oven.
- Gained knowledge of the food industry, and working with a small team.
